AGENDA 目录

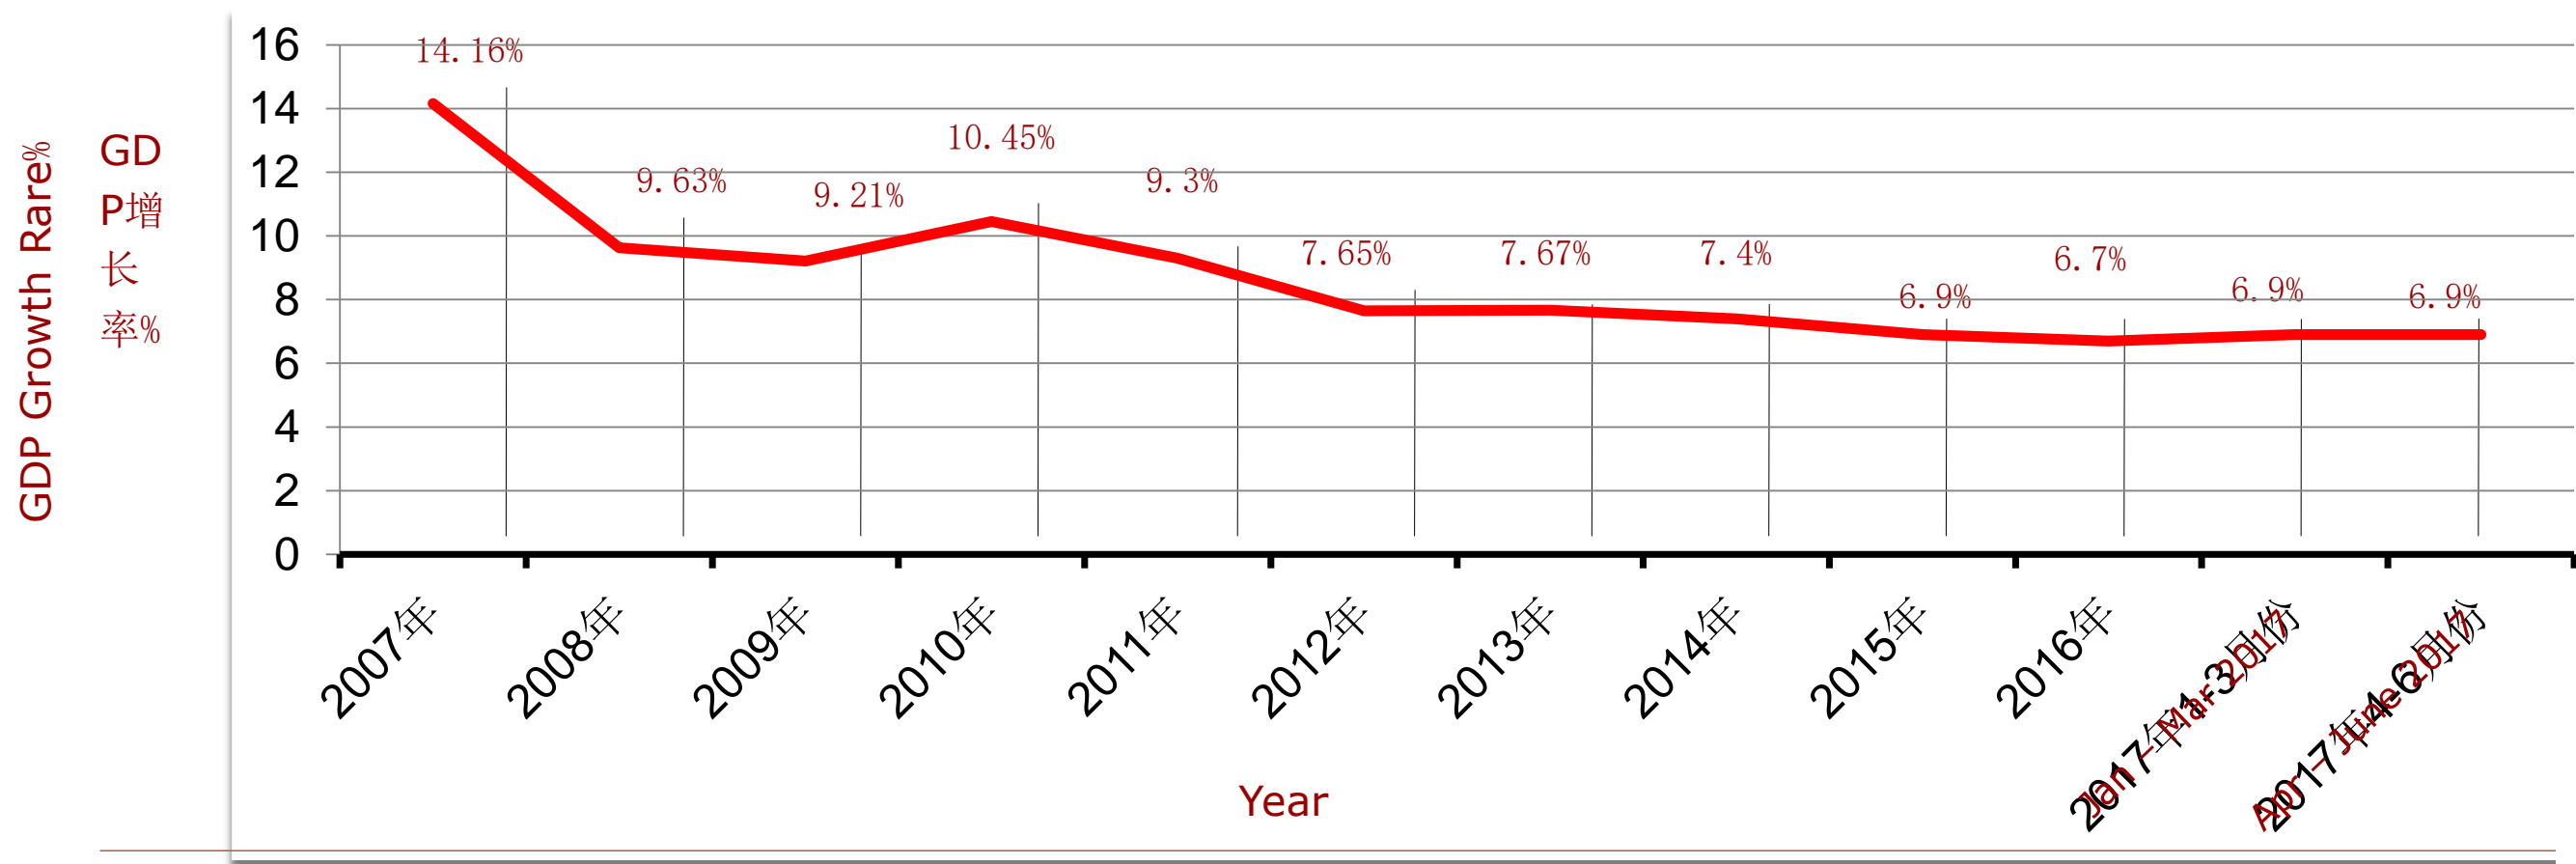

- A. The trend of Chinese economy in recent years
近年来中国经济走势
- B. China's construction machinery industry
中国工程机械行业发展近况
- C. Industrial truck market in China
中国工业车辆行业现状
- D. Development trend of industrial trucks in China
未来中国行业发展趋势

A. The trend of Chinese economy in recent years

近年来中国经济走势

1. China's GDP in the past ten years 中国近十年国内生产总值同比增长率趋势图

A. The trend of Chinese economy in recent years

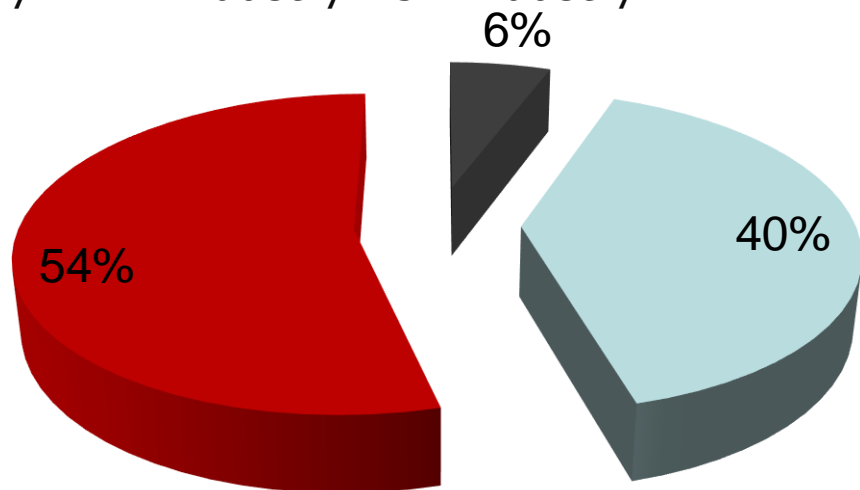

近年来中国经济走势

2. The 3 main industries in 2017H1 (SOW and Growth)

2017年上半年中国三大产业占比及增长情况

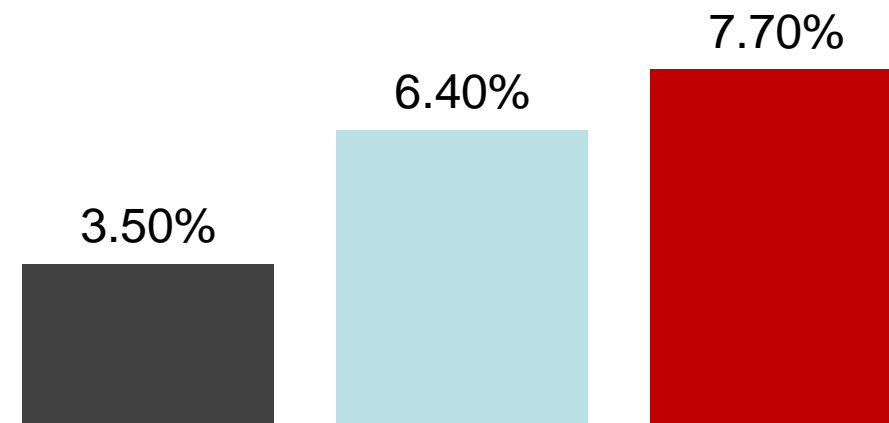

Increased value (100M RMB)
增加值 (亿元)

■ 第一产业 ■ 第二产业 ■ 第三产业
1st industry 2nd industry 3rd industry

YOY growth %

C. Industrial truck market in China

中国工业车辆行业现状

1. China's industrial truck development (2009-2017)

2009-2017年中国工业车辆发展情况

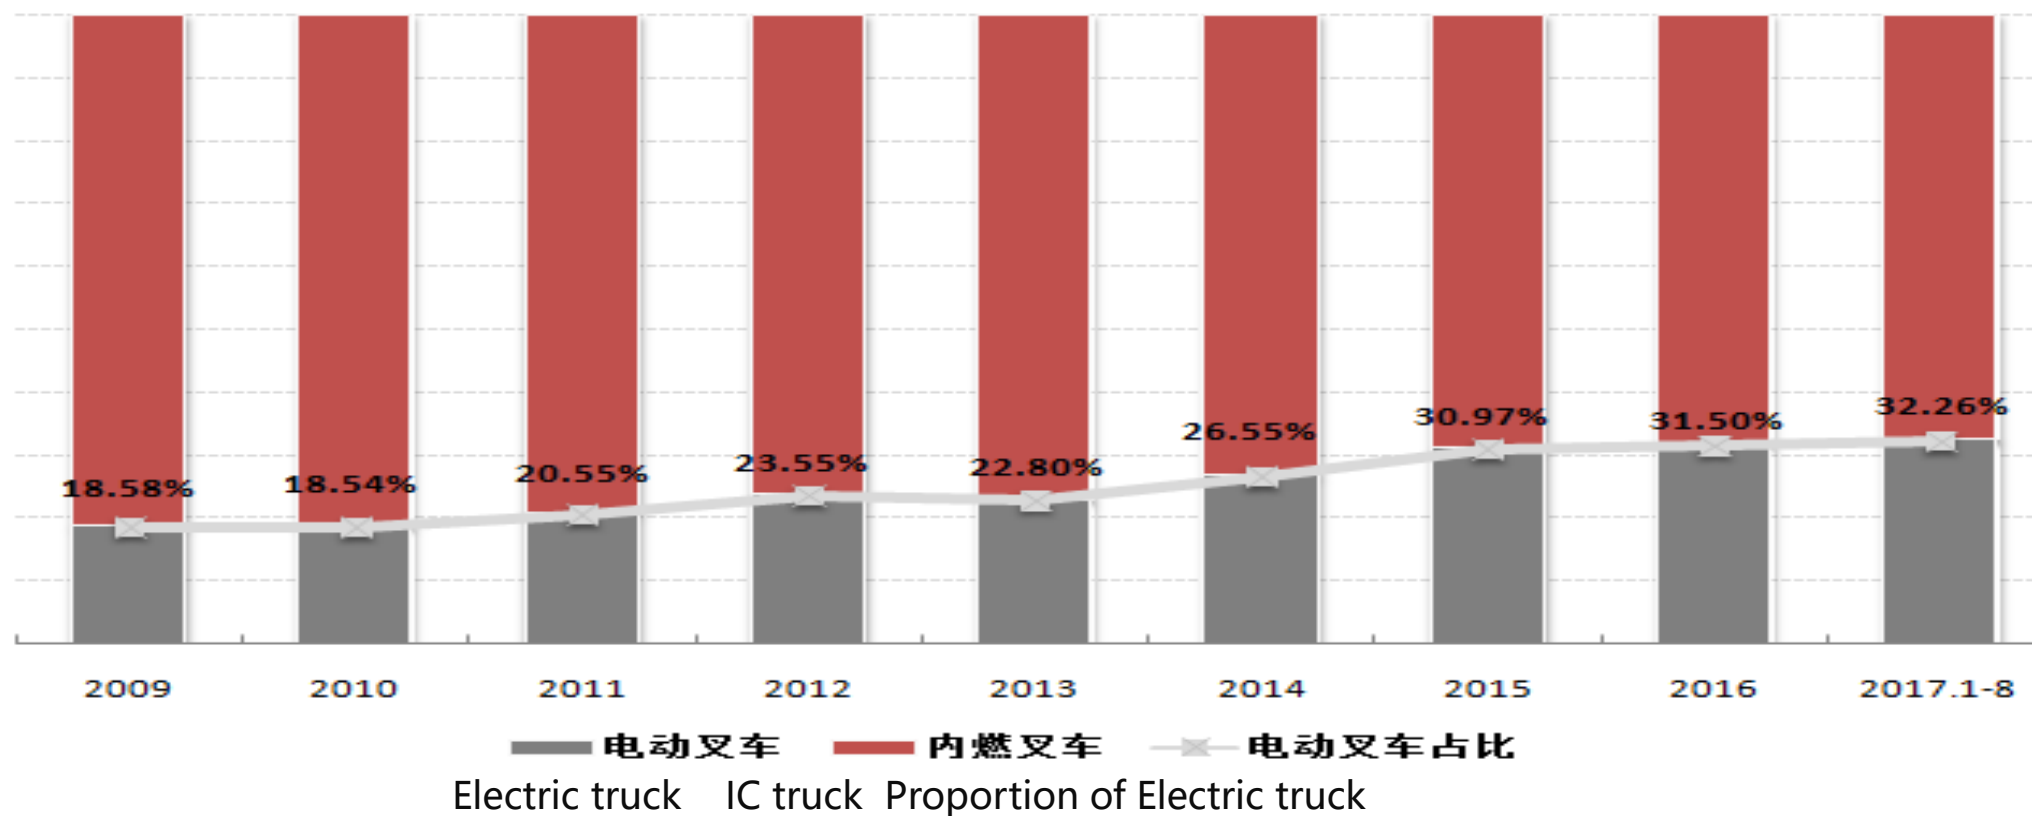

C. Industrial truck market in China

中国工业车辆行业现状

2. Electric truck vs. IC truck comparison – China (2009 - YTD201708)

2009-2017年8月中国市场电动与内燃的比例变化情况

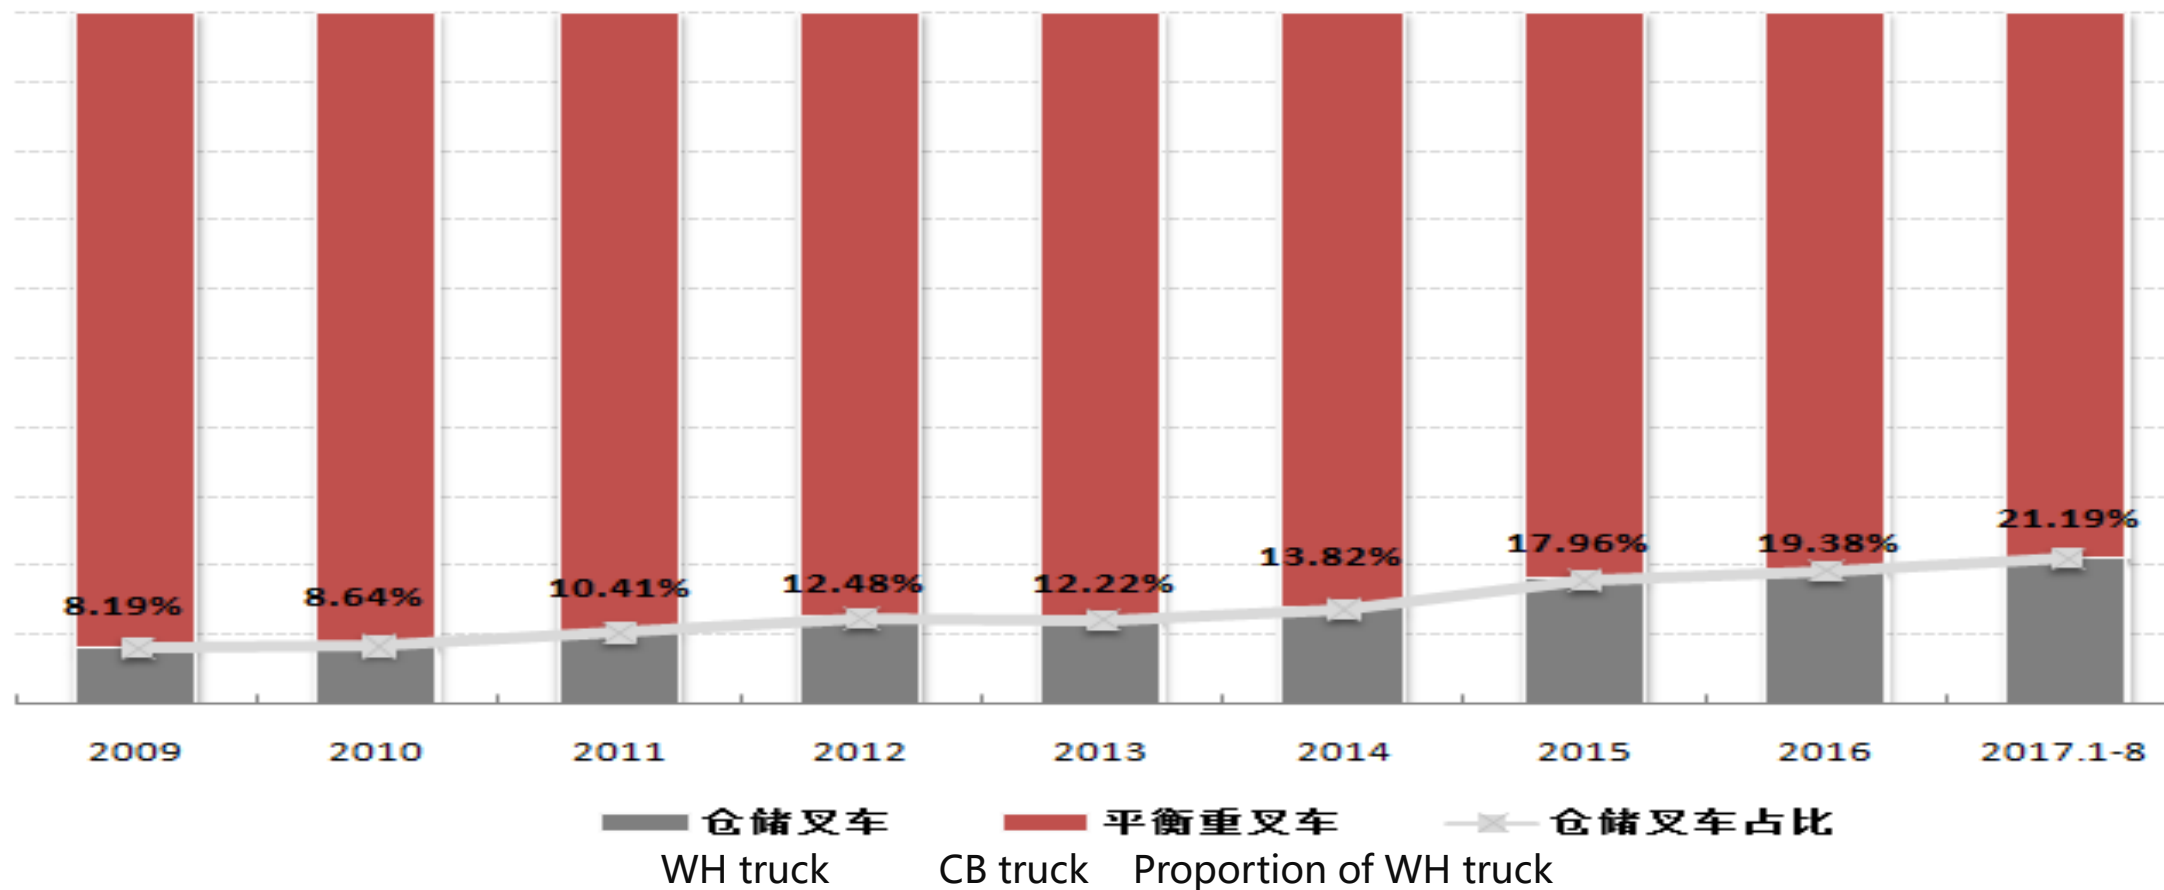

C. Industrial truck market in China

中国工业车辆行业现状

3. WH truck vs. CB truck comparison – China (2009 - YTD201708)

2009-2017年8月中国市场平衡重与仓储的比例变化情况

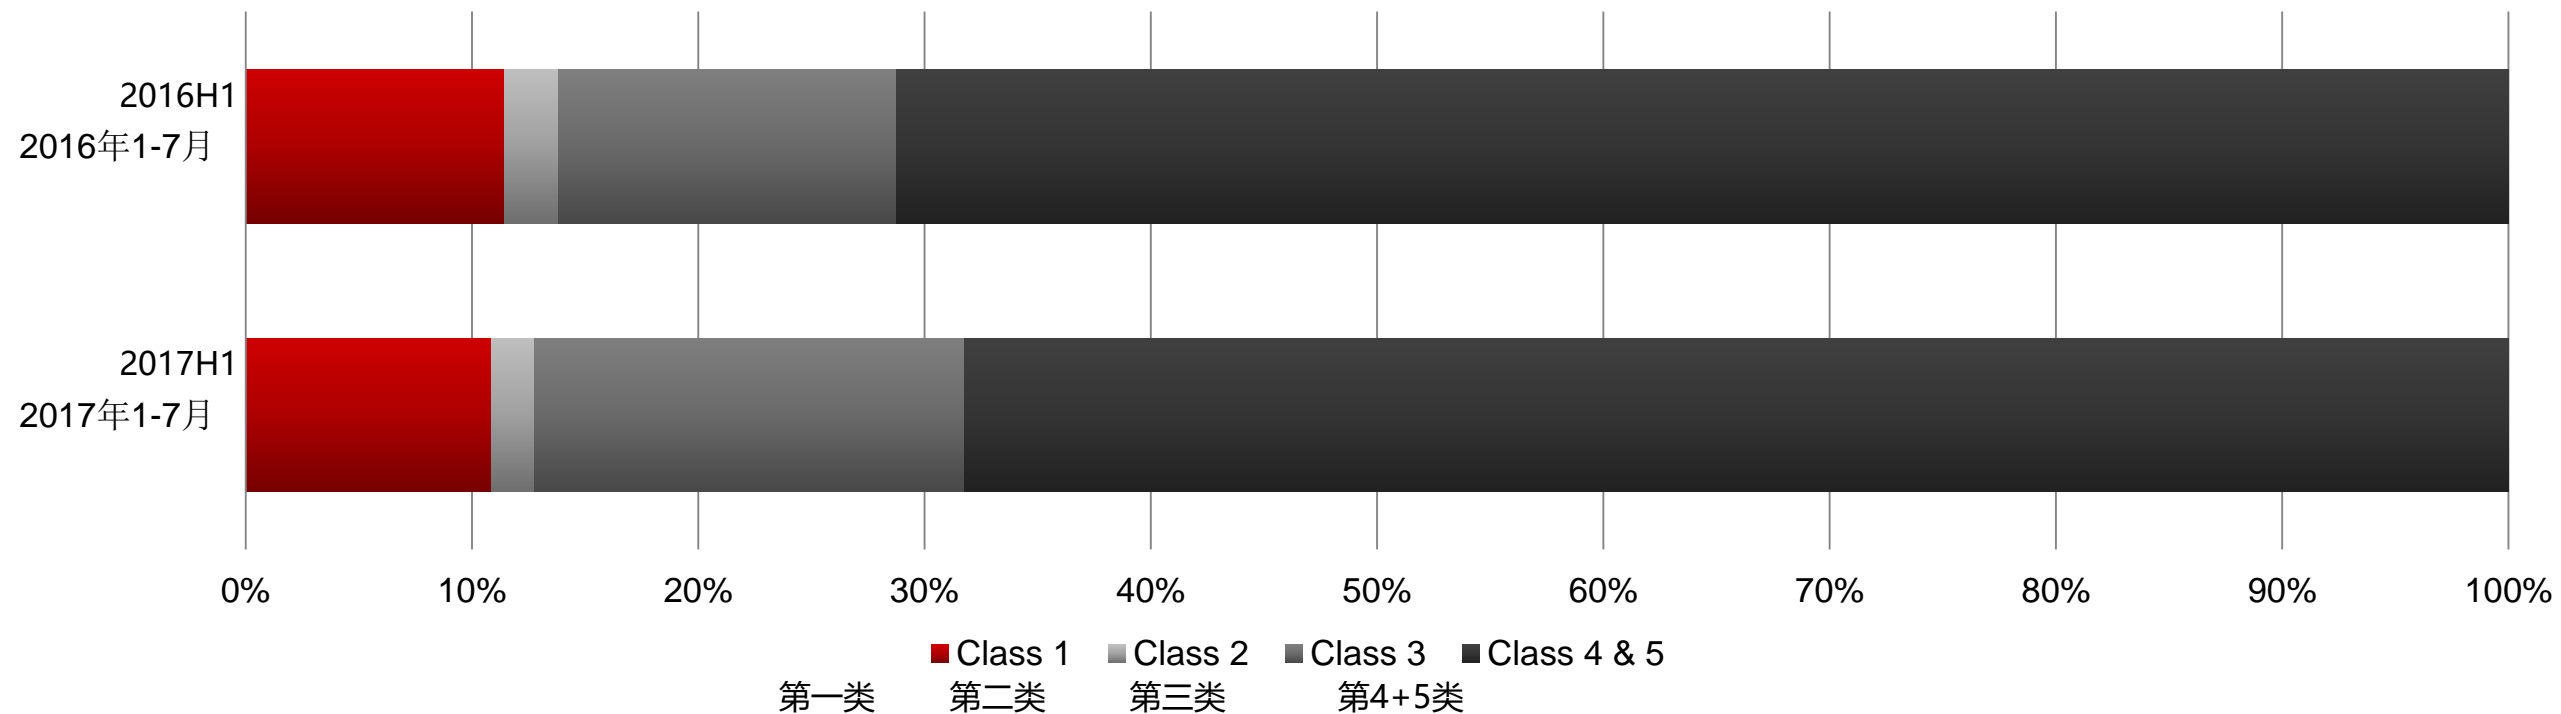

C. Industrial truck market in China

中国工业车辆行业现状

4. 2017 Jan – July China FLT sales proportion per truck type

2017年1-7月中国叉车各类产品销售台数比重情况

Proportion change per truck type 各类产品比重变化图

D. Development trend of industrial trucks in China

未来中国行业发展趋势

1. FLT after service market to be developed as the new business model

做大叉车后市场 开拓行业新业态

配件、维修及服务

Accessory, maintenance and service

融资租赁 Leasing

Rental

设备租赁

New FLT + Core components

新车+核心零部件

Renew, 2nd hand, fleet management

再制造、二手车、车队管理

D. Development trend of industrial trucks in China

未来中国行业发展趋势

2. The proportion of electric and other green energy products kept increased

电动等绿色环保能源产品比例越来越大

Green products: light weight, energy saving, emission reduction, recyclable

绿色产品：轻量、节能、减排、可回收

绿色环保 Environmental friendly;
免维护 Free maintenance;
使用寿命长 Long lifetime;
高效节能
适合高低温工作

High efficiency & energy saving, Suitable for high and low temperature environment

10吨锂电池平衡重式叉车

10t Counter Balance Battery Forklift Truck

绿色、经济、安全
高效率、低油耗
全液压动力制动
多级安全保护

Green, economical, safe, high efficiency, low fuel consumption, full hydraulic power brake, multi stage safety protection

25吨天然气燃料集装箱空箱堆高机

25t Empty Container Stacker - Gas

D. Development trend of industrial trucks in China

未来中国行业发展趋势

3. Intelligent, digital products and services to be the new forces

智能化、数字化产品及服务将会异军突起

高端智能叉车

High-end intelligent FLT

智能物流系统

Intelligent logistics system

智能车队管理

Intelligent fleet management

智能运维服务

Intelligent operation and maintenance service

D. Development trend of industrial trucks in China

未来中国行业发展趋势

4. Industry competition will be more intense, which required higher new requirements to the enterprises

行业竞争将会更加激烈，对企业提出更多更高的新要求
